

500-04R

High purity Magnesium Oxide

“500-04R” is high purity Magnesium Oxide.

This product is used for electronic parts, raw material for fine ceramics, catalyst for organic syntheses, and raw material for Magnesium salts.

【Typical Data】

		500-04R	General-purpose
MgO	(%)	99.75	98.90
Average Particle Size	(μm)	0.66	3.62
Specific Surface Area(BET)	(m^2/g)	16	46
CaO	(%)	0.02	0.21
Fe	(ppm)	10	243

Package	NET weight
Paper bag	20 kg
